

## Titration 2019

On Saturday 11th of May, three teams of San Sisters competed in the annual Royal Australian Chemical Institutes Titration competition held at the University of Queensland.

Despite some excellent individual results, our teams were unlucky not to secure a place in the next round. Our teams represented the College superbly.

Many thanks go to Mrs Kaylene Solomon and Dr Belinda Todd for managing the teams over the last few months.

STEM is alive and well at San Sisto College and through experiences like the Titration competition we see our students experiencing university life and working with quality STEM mentors.

## Open Day 2019

Our Open Day this year is on Sunday 19 May from 1 PM until 4 PM. Many girls will be required to attend on this day. Our students act as guides, performers, participants, exhibitors, communicators, musicians, presenters and a whole lot more.

All girls in attendance are required to wear their full College uniform (unless specifically directed to wear an alternative dress).

Teachers will advise your daughter of her tasks for the day. Some girls may not have rostered duties — they will not be required to come, but are most welcome.

With the smell of food and the sound of music in the air, there will be plenty to see, experience, do, taste and listen to at the San Sisto College Open Day 2019.

## Working Bee

On behalf of the College I would like to pass on our appreciation for the wonderful response from our community. Last Saturday's working bee was a huge success with so many of our community committing their time and energy to preparing our grounds for Open Day Sunday 19 May. Team Sparklers, Team Trimmers, Team Washers, and Team Planters cleaned, pruned, planted, weeded, high pressure and window washed their way across the campus.

This Saturday 18th May we have another working bee to finish off the remaining tasks in preparation for Open Day. There is still plenty of gardening, cleaning and trimming to be done and we welcome as many parents and students to come along and have our campus looking its best.
