2 December 2014

Dear Parents & Students

Transdev Queensland – School bus route changes

Transdev Queensland (TDQ) have revised school services for the commencement of term 1 2015. A number of changes to both routes and timings have been made to create efficiencies and ensure the continuous safe carriage of students. These changes will commence on 27 January 2015.

Please find attached a full list of TDQ’s school services (including changes) for the 2015 school year. Full route descriptions and information on timing points will be available on our website http://www.transdevqld.com.au/ from 5 December 2014.

We strongly encourage all students and parents to look at the attached information to ensure that where changes to routes have been made, the route description mentioned above is reviewed for new information including revised timing points.

Transdev Queensland looks forward continuing to providing you with safe and reliable school services.

Should you require any further information please contact us on 3248 6100.

Yours faithfully

Colin Jennings
Managing Director
Transdev Queensland
