

San Sisto College Board Policy

San Sisto College
is an Archdiocesan Catholic Secondary Girls school.
Our mission, vision and values reflect and honour our
Dominican heritage, traditions and ethos.

This policy is intended to guide college practices so that we may be a
college of excellence and best practice giving authentic witness to
Christ.

Policy

Student Well-Being

Policy Statement

The college seeks to foster spiritual, intellectual, social, physical, cultural and faith development of its young women. The college environment is a professional, caring one in which the community works together for the common good. The Catholic ethos aims to encourage growth in faith, a knowledge of our religious traditions as well as commitment to the values of truth (*Veritas*), forgiveness, compassion, justice and love. The college strives to challenge and enrich the lives of students in order that they may reach their full potential, enabling them to respond effectively to the demands and changes in their lives. At San Sisto, students are encouraged to accept responsibility and develop independence and self discipline. Confidence and self worth are nurtured through mutual respect and care for one another.
